

Control4® InfinityEdge™ 7" In-Wall Touch Screen

Control4® InfinityEdge™ 7" In-Wall Touch Screen C4-TSWMC7-XX

The Control4 InfinityEdge Touch Screen is a stylish way to add total home control that's always there when you need it. This elegant in-wall Touch Screen supports Ethernet and WiFi, making it ideal for areas of your home where convenient system monitoring and control are important.

- Sleek look and feel with edge-to-edge capacitive glass and low-profile mount make this a visually stunning, total control solution.
- An incredible value, these touch screens are affordable enough to have one in every room.
- Four customizable buttons allow you to set your favorite scenes with one touch.
- Flexible power (AC or Power over Ethernet) and network connectivity (Ethernet or WiFi) options make this an ideal solution for new or existing homes.
- Enable optional intercom functionality to provide communications between InfinityEdge Touch Screens.

Control4® InfinityEdge™ License for Intercom (Electronic) C4-INTERCOM-E

The Control4 License for Intercom enables the optional intercom feature on the InfinityEdge Touch Screens so you can hold a conversation with someone in another room, announce dinner time to the whole household, or even monitor the baby's room. "Do not disturb" and privacy features are available.

- High-quality two-way sound enables clear, convenient conversations throughout the home.
- Compatible with other Control4 InfinityEdge 5" or 7" In-Wall Touch Screens.
- Electronic license required for activation.
